

Frame Fixing Screw

Frame fixing screw with TX star recess-drive and self-tapping thread.

Code	Description	Anchor Ø	Length	Drill	Box Qty
FFS7.5X42	Window and door frame anchor	7.5mm	42mm	6.5mm	100
FFS7.5X52	Window and door frame anchor	7.5mm	52mm	6.5mm	100
FFS7.5X62	Window and door frame anchor	7.5mm	62mm	6.5mm	100
FFS7.5X72	Window and door frame anchor	7.5mm	72mm	6.5mm	100
FFS7.5X82	Window and door frame anchor	7.5mm	82mm	6.5mm	100
FFS7.5X92	Window and door frame anchor	7.5mm	92mm	6.5mm	100
FFS7.5X102	Window and door frame anchor	7.5mm	102mm	6.5mm	100
FFS7.5X112	Window and door frame anchor	7.5mm	112mm	6.5mm	100
FFS7.5X122	Window and door frame anchor	7.5mm	122mm	6.5mm	100
FFS7.5X132	Window and door frame anchor	7.5mm	132mm	6.5mm	100
FFS7.5X152	Window and door frame anchor	7.5mm	152mm	6.5mm	100
FFS7.5X182	Window and door frame anchor	7.5mm	182mm	6.5mm	100
FFS7.5X202	Window and door frame anchor	7.5mm	202mm	6.5mm	100
FFS7.5X212	Window and door frame anchor	7.5mm	212mm	6.5mm	100

Flat head for metal and plastic windows, cylindrical head for recessed installation with wooden windows.

Advantages/benefits

Stress-free stand-off installation without additional plugs.

Universal use for all common building and frame materials

Tapered thread diameter at the front for easy attachment.

Optimised thread for a smooth, easy turn action.

Only a 6 mm drill diameter necessary, thereby reduced work.

The continuous thread prevents the fixture being pulled up against the building material.

Cover caps to conceal fixing

For fixing of:

Windows

Door frames

Fire protection doors

Squared timbers

Pan head Tapcon anchors
