

**BEADS**

**ANGLED BEAD**

Angle bead provides true, straight corners that reinforce plaster in its weakest areas

code	description	length (m)	size
GAB24	Galvanised steel angle bead	2.4	48x48
GAB27	Galvanised steel angle bead	2.7	48x48
GAB30	Galvanised steel angle bead	3	48x48
GJAB24	Galvanised steel angle bead	2.4	63x63
GJAB27	Galvanised steel angle bead	2.7	63x63
GJAB30	Galvanised steel angle bead	3	63x63
SSAB30	Stainless steel Angle bead	3	48x48
SSJAB	Stainless steel Angle bead	3	63x63

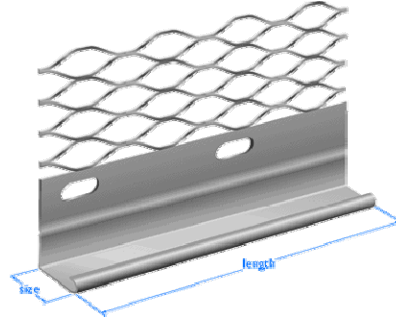

**PLASTER STOP BEAD**

Plaster stop bead provides precise, clean finishes and also reinforce the edge of plaster.

This products is available in 4 sizes : 10mm,13mm, 16mm & 19mm

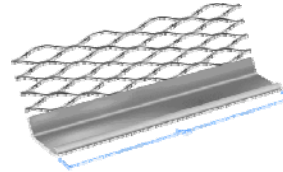

code	description	length (m)	size
G10PSB24	Galvanised steel plaster stop bead	2.4	10mm
G10PSB27	Galvanised steel plaster stop bead	2.7	10mm
G10PSB30	Galvanised steel plaster stop bead	3	10mm
G13PSB24	Galvanised steel plaster stop bead	2.4	13mm
G13PSB27	Galvanised steel plaster stop bead	2.7	13mm
G13PSB30	Galvanised steel plaster stop bead	3	13mm
G16PSB24	Galvanised steel plaster stop bead	2.4	16mm
G16PSB27	Galvanised steel plaster stop bead	2.7	16mm
G16PSB30	Galvanised steel plaster stop bead	3	16mm
G19PSB24	Galvanised steel plaster stop bead	2.4	19mm
G19PSB27	Galvanised steel plaster stop bead	2.7	19mm
G19PSB30	Galvanised steel plaster stop bead	3	19mm
SS10PSB30	Stainless steel plaster stop bead	3	10mm
SS13PSB30	Stainless steel plaster stop bead	3	13mm
SS16PSB30	Stainless steel plaster stop bead	3	16mm
SS19PSB30	Stainless steel plaster stop bead	3	19mm

**EXTERNAL RENDER STOPBEAD**

External render stop bead is used to form a neat bell cast edge to external finishes

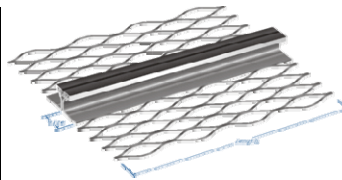

code	description	length (m)
GERSB24	Galvanised steel Render stop bead	2.4
GERSB30	Galvanised steel Render stop bead	3
SSERSB30	Stainless steel Render stop bead	3

**MOVEMENT BEAD**

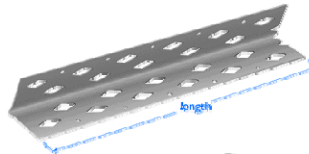

Movement bead forms a movement joint in plaster and render

code	description	length (m)	size
G10MB30	Galvanised steel movement bead	3	10mm
G13MB30	Galvanised steel movement bead	3	13mm
G16MB30	Galvanised steel movement bead	3	16mm
G19MB30	Galvanised steel movement bead	3	19mm
SS10MB30	Stainless steel movement bead	3	10mm
SS13MB30	Stainless steel movement bead	3	13mm
SS16MB30	Stainless steel movement bead	3	16mm
SS19MB30	Stainless steel movement bead	3	19mm

**PERFORATED THIN COAT BEAD**

code	description	length (m)
GPTCB24	Galvanised steel Thin coat bead	2.4
GPTCB30		2.7
GPTCB30		3

**MINI MESH BEAD**

Mini mesh bead is designed to give a better mechanical key. It is produced for use with one coat of plaster and assists in protecting the corners at their weakest points.

code	description	length (m)
GMMB24	Galvanised steel Mini mesh bead	2.4
GMMB30	Galvanised steel Mini mesh bead	2.7
